

5W Come and See My Place

Come Diving and Snorkelling!

Dear Email Gigglecritter,

I would love to invite you to come with me to Shelly Beach, Sydney, Australia so we can go diving or snorkelling. This is a really good dive site. I think you will love this dive because of all the sea life. Some of the things you may see are PJ sharks, crabs and weird animals you may not have seen before . After the dives we will go to SLAT where we can have some lunch like BLTs or sausages.

(P.S hope you come!)

A Visit To Darling Harbour

Hi Email Gigglecritter,

How are you going? Would you like to come to my house for the weekend? We can go into Darling Harbour and have a nice BBQ lunch and afterwards we can also go to the Aquarium and the Wildlife World. We will probably go home and have a sleepover with C, B, D, J, E, E, and L at my place. I hope you can come and by the way BBQ means Barbeque.
