

International Collaborative Project

- global, worldwide
- different states, countries
- working together – partners, teams
- at our school with classmates
- with other schools with other students
- issues, problems

Differences

- language, words and meaning
- working in English as a second language
- ways of working, how we do things
- understandings, communicating
- culture, learning about each other
- issues, problems?

Communication

- with each other in class
- with others worldwide
- using technology
- email
- text
- real-time with chat (text), Skype (audio)
- issues, problems?

Publishing

- in English
- global, worldwide, on the Internet
- anyone can see it
- our work in print
- what does it say about us? Our school?
- issues, problems?
- solutions?

GiggleIT Competition

- new word/term for ebook
- similarities between ebook and book
- differences
- original
- a modern word/term
- descriptive
