Welcome to Auckland!

Auckland is the largest Polynesian city in the world, as well as New Zealand's largest city. It is the stepping off point for a winter holiday in July. North of Auckland is the region called "the winterless north". Here the Bay of Islands is world famous for its tranquillity and natural beauty.

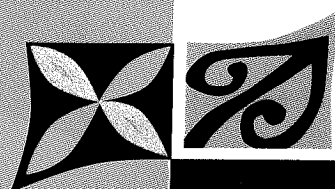

A few hours south of Auckland are tourist attractions such as Rotorua with its hot mud pools and boiling geysers or Waitomo with its underground limestone wonderland. In the centre of the North Island, a major ski field is located on the slopes of an active volcano at Ruapehu. Flights out of Auckland can take you to the magnificent mountain wilderness of the Southern Alps where skiing, tramping and fishing are well organised.
