INTERNATIONAL SCHOOL LIBRARY MONTH 2017

Learning Paths School celebrated 'International School Library Month' and made friends through our school library. Our school aims at building a global community that reads and writes together. Keeping this in mind, the school hosted many activities for the students as part of the ISLM celebrations.

Book Fair

A Book Fair was organized for three days in the school campus to enable students to browse books by various authors and of all genres.

Author Visit

The award winning author 'Ms. Chatura Rao' interacted with the students of Grades V and VI. She encouraged the students to read and enlightened them about the various aspects of writing.

Quiz on Roald Dahl and J.K. Rowling Books

The school celebrated the work of renowned authors - Roald Dahl and J.K. Rowling by conducting Inter House Library Quizzes on their books.

International Bookmark Exchange Project

The students participated in International Bookmark Exchange Project. They made beautiful bookmarks on our country, its culture and many other aspects. This year, we exchanged bookmarks with the following schools:

- 1) Lam Tin Methodist Primary School, Hong Kong, China
- 2) Science Hall Elementary School, Texas, USA
- 3) Osnovna škola "Blaž Tadijanović" Slavonski Brod, Croatia

- 4) Pine Road Elementary School, PA , USA
- 5) Scoala Gimnaziala Toma Cocisiu, Blaj, Romania
- 6) Newbridge Heights Public School, New South Wales, Australia

International Digital Bookmark Exchange

An interesting new feature of the ISLM was making of ‘digital bookmarks’ for different schools. The students enjoyed making digital bookmarks and enhanced their IT skills through this activity. Our students exchanged their digital bookmarks with the following schools:

- 1) Agrupamento de Escolas Pintor José de Brito, Portugal
- 2) OŠ "Vladimir Nazor" Sveti Ilija, Croatia
- 3) Școala Gimnazială Cleja, Romania
- 4) Agrupamento de Escolas nº2 Beja, Portugal

Skype Interaction

The students of our school interacted with two schools from Russia. These are:

- 1) Lyceum 51, Russia
- 2) IAOU "School № 94 in Chelyabinsk", Russia

The students talked about their countries, culture, festivals, weather, books, authors and made friends with the Russian students. We are soon going to have a Skype session with ‘Óbudai Árpád Secondary Grammar School, Hungary’, Kamenskaya School, Russia.

Giggle IT Project

Our school is a registered participant for the GiggleIT project of IASL. The creative writings of the ‘Budding Authors’ Club’ have been uploaded on the GiggleIT web page.

Exchange of Digital Presentations and Book Reports:-

Our students also exchanged their digital presentations and book reports with a few partner schools. They also shared their feedback on the work exchanged.

ISLM certainly gives a wide exposure to schools across the globe and helps them make connections with different communities and develop respect for other cultures. It is a successful platform for sharing, learning and collaborating ideas. This event was a success as the students enjoyed being a part of fun filled and interesting activities. We look forward to participating in ISLM 2018. Thanks to all the ISLM Coordinators and our Partner Schools!
