An informal occasion at night (be sure for a special surprise)

Friday 10 July 1998

- 8.30 - Lecture/s

Assembly of Associations
Closing Ceremonies

All the activities that will be held within the Conference, including tours and trips, social events, tour of Jerusalem, professional visits to libraries, are included in the registration fee, so that everyone may participate in each activity. The participants will be driven every day from their hotels to the campus and to social events.

The conference organisers are working hard in planning the conference for all the members at a professional level, that will enrich us with knowledge. Also, the aim is for you the participants to have an unforgettable experience in Israel, where you will be able to see cultural sites and unique events.

All participants are invited to spend Friday and Saturday in the homes of librarians. An announcement of the post conference tours and trips in Israel and Jordan will be sent by mail to IASL members and others with the registration forms.

For further information about the conference itself, or to be placed on the mailing list, contact:
